GAME RULES

- This page contains information on how to play this game.
- Please scroll down to read through all topics.

Getting started

- This game is a game for one player - the gameplay of other players does not affect yours. Each game starts when you place a bet and ends when you leave the application.

Playing

- You choose the total bet per round via the "Total Bet" button.
- The minimum bet per round is € 0.20.
- The maximum bet per round is € 12 000.00.
- The "Start" button begins a round of play.
- Each round is independent of previous rounds.
- All game outcomes are independent and randomly determined.
- When you start a round, the bet is deducted from the balance you've paid in.
- At the end of a round, the console displays your win, if any.

Win Lines

- This game has 5 reels and 25 win lines.
- You can find an overview of the win line pattern via "Paytable & Info".

Autoplay

Clicking on "Auto" will bring up the Autoplay-dialogue where you can configure the following options before starting the automatic spins:

- The number of rounds you want Autoplay to be active.
- The loss limit at which Autoplay should stop.
- The win limit at which Autoplay should stop after meeting or exceeding it.
- By clicking "OK", you start the automatic spins with the chosen configuration.
- If "Autoplay" is activated the button label becomes green. Clicking it again stops the automatic spins.
- Autoplay stops automatically when the total bet is higher than your current funds.
- Autoplay stops automatically when a feature is awarded.

Winnings

- Winning combinations and payouts are made according to the paytable.
- Symbol payout values shown in the paytable are dynamic and change in accordance with the selected bet value.
- The leftmost reel is reel 1, the rightmost reel is reel 5.
- Highest win only paid on each selected line and per scatter combination.
- Scatter wins and line wins are added.
- All wins start on the leftmost reel and are for combinations of a kind, consecutive from left to right on selected lines, except scatters.

Bonus Symbols

- The Wild symbol replaces all symbols except Rocket symbols and only appears in the base game.
- Rocket symbols can appear on all reels.
- If the win line is entirely created by Wild symbols, then the payout of the highest paid symbol is paid on selected lines.

RTP Range

- The theoretical RTP (return to player) value for this game is 94.19%.
- The theoretical RTP is calculated as total win/total bet over a large number of games played and reflects the prizes awarded by a game as a percentage of all bets made. The actual RTP can vary widely in either direction for a small number of games due to statistical variance.
- The RTP for each Buy Bonus combination are as follows:
- Zone Boost - 94.06%.
- Coin Boost - 94.10%.
- Extra Rows - 94.01%.
- Zone Boost and Coin Boost - 94.14%.
- Zone Boost and Extra Rows - 94.09%.
- Coin Boost and Extra Rows - 94.20%.
- Zone Boost, Coin Boost and Extra Rows - 94.18%.

Connection Loss

- In case you lose your network connection, the game will proceed to complete the current round of play automatically after a delay of 2 hours absence from the game.
- If you reconnect into the game earlier, you are able to continue playing the current round.
- This includes all settings such as number of lines and bet.
- If this round contains multiple spins (e.g. free games feature), the game will determine your winnings based on the game's expected win values.

Malfunction voids all pays and plays.

GAME FEATURES

Firecracker Frenzy™ Trails

- Land a Mystery Rocket symbol for a chance to trigger the Lock 'N' Spin bonus.

- When a Firecracker Frenzy™ Trail has been completed Lock 'N' Spin is awarded with the adjoining Trail Feature.
- When 2 Firecracker Frenzy™ Trails are completed simultaneously Lock 'N' Spin is awarded with the triggered Trail Features active.
- When 3 Firecracker Frenzy™ Trails are completed simultaneously Lock 'N' Spin is awarded with all Trail Features active.
- The variation in firecrackers on the Firecracker Trails is for entertainment purposes only and is not an indication of the likelihood of Trail Features being awarded.
