

3 Fortune Wishes

GAME RULES

- This page contains information on how to play this game.
- Please scroll down to read through all topics.

Getting started

- This game is a game for one player - the gameplay of other players does not affect yours. Each game starts when you place a bet and ends when you leave the application.

Playing

- You choose the total bet per round via the "Total Bet" button.
- The minimum bet per round is \$ 0.20.
- The maximum bet per round is \$ 20.00.
- The "Start" button begins a round of play.
- Each round is independent of previous rounds.
- All game outcomes are independent and randomly determined.
- When you start a round, the bet is deducted from the balance you've paid in.
- At the end of a round, the console displays your win, if any.

Win Lines

- This game has 5 reels and 20 win lines.
- You can find an overview of the win line pattern via "Paytable & Info".

Autoplay

- Clicking on "Auto" starts automatic spins.
- If "Autoplay" is activated the button label becomes green. Clicking it again stops the automatic spins.
- Autoplay stops automatically when the total bet is higher than your current funds.
- Autoplay stops automatically when Free Games are awarded.

Winnings

- Winning combinations and payouts are made according to the payable.
- Symbol payout values shown in the payable are dynamic and change in accordance with the selected bet value.
- All wins start on the leftmost reel and are for combinations of a kind, consecutive from left to right on selected lines, except scatters.
- Scatter symbols pay at any position on screen.
- Highest win only paid on each selected line and per scatter combination. Scatter wins and line wins are added.

Bonus Symbols

- Blue/Green/Red Butterfly Wild symbols represent scatters. When landing on the reels, scatter symbols can trigger corresponding Lamps to trigger 5 Free Games.
- When any of the Lamp Features (Blue, Green, or Red) are triggered, the corresponding Wild symbol will no longer land on the reels until the feature ends.
- Wild symbols substitute for all symbols except for scatter symbols, Treasure Collect Boxes, and Cash Diamonds to help complete winning combinations.

RTP Range

- The theoretical RTP (return to player) value for this game is 95.00 %.
- The theoretical RTP is calculated as total win/total bet over a large number of games played and reflects the prizes awarded by a game as a percentage of all bets made. The actual RTP can vary widely in either direction for a small number of games due to statistical variance.

Connection Loss

- In case you lose your network connection, the game will proceed to complete the current round of play automatically after a delay of 2 hours absence from the game.
- If you reconnect into the game earlier, you are able to continue playing the current round.
- This includes all settings such as number of lines and bet.
- If this round contains multiple spins (e.g. free games feature), the game will determine your winnings based on the game's expected win values.

Malfunction voids all pays and plays.

GAME FEATURES

Cash & Collect Feature

- Landing 1 or more Cash Diamonds and at least 1 Treasure Collect Box on the same spin awards the sum of all Cash Diamond values.

Lucky Lamps

- There are 3 types of Lucky Lamps features.
- Each Lucky Lamp feature may be triggered by its corresponding Wild Butterfly of the same colour.
- Once triggered, 5 Free Games are awarded with a special feature as per the Lucky Lamp type.
- The Lucky Lamps feature can be triggered individually, as a combination of 2 random feature types, or all 3 types triggered simultaneously.
- Free Games are played using the same bet as the spin which triggered them.

Lucky Cash Lamp

- Lucky Cash Lamp corresponds to the Blue Lamp.
- When the Blue Butterfly Wild lands, the Lucky Cash Lamp may be triggered.
- 5 Free Games and an extra Cash feature are awarded.
- A random symbol is selected at the beginning of the Free Games round. Cup, Crown, Knife, Bag, Scroll, Ten, Jack, Queen, King or Ace.
- Every time the selected symbol lands, it transforms into a random Cash Diamond symbol.
- If the transformed symbol happens to appear on a win line, that win line will not be paid. If Collect symbol lands on that spin and/or Lucky Collect Lamp Free Games are active, the transformed Cash Diamond pays per its value and the Free Games continues to the next round.

- When the Green Butterfly Wild lands, the Lucky Collect Lamp may be triggered.
- 5 Free Games and a permanent Collect feature are awarded.

- 5 Free Games and a Multiplier feature are awarded.

- On each spin during the Free Games Feature a random multiplier of x2, x3, x5, x7, or x10 will multiply wins on current spin.

Multiple Lucky Lamps Re-trigger

- The Lucky Lamps feature can be re-triggered by the corresponding Butterfly Wild, awarding 5 Free Games and the corresponding feature.
- Once 1 Lucky Lamp feature is triggered, only the 2 other Lucky Lamp features may be re-triggered.
- When the Lucky Lamp feature is re-triggered it will award 5 Free Games and its corresponding feature type and the feature type of the Lucky Lamp type that was active during the re-trigger.
- The re-triggered Lucky Lamp feature will start once all the 5 Free Games from the previous Lucky Lamp feature finish.
