Connection Loss

- In case you lose your network connection, the game will proceed to complete the current round of play automatically after a delay of 15 seconds absence from the game.
- If you reconnect into the game earlier, you are able to continue playing the current round.
- This includes all settings such as number of lines and bet.
- If this round contains multiple spins (e.g. free games feature), the game will determine your winnings based on the game's expected win values.
