

Piggy Prizes™ Jingle Jackpots™

GAME RULES

- This page contains information on how to play this game.
- Please scroll down to read through all topics.

Getting started

- This game is a game for one player - the gameplay of other players does not affect yours. Each game starts when you place a bet and ends when you leave the application.

Playing

- You choose the total bet per round via the "Total Bet" button.
- The minimum bet per round is \$ 0.20.
- The maximum bet per round is \$ 10 000.00.
- The "Start" button begins a round of play.
- Each round is independent of previous rounds.
- All game outcomes are independent and randomly determined.
- When you start a round, the bet is deducted from the balance you've paid in.
- At the end of a round, the console displays your win, if any.

Win Lines

- This game has 15 reels and 40 win lines.
- You can find an overview of the win line pattern via "Paytable & Info".

Autoplay

Clicking on "Auto" will bring up the Autoplay-dialogue where you can configure the following options before starting the automatic spins:

- The number of rounds you want Autoplay to be active.
- The loss limit at which Autoplay should stop.
- The win limit at which Autoplay should stop after meeting or exceeding it.
- By clicking "OK", you start the automatic spins with the chosen configuration.
- If "Autoplay" is activated the button label becomes green. Clicking it again stops the automatic spins.
- Autoplay stops automatically when the total bet is higher than your current funds.
- Autoplay stops automatically when a feature is awarded.

Winnings

- Winning combinations and payouts are made according to the payable.
- Symbol payout values shown in the payable are dynamic and change in accordance with the selected bet value.
- Highest win only paid on each selected line and per scatter combination.
- Scatter wins and line wins are added.
- All wins start on the leftmost reel and are for combinations of a kind, consecutive from left to right on selected lines, except scatters.

Bonus Symbols

- The Santa and Super Santa are Wild and unlock coins and jackpots on the reels.
- The Santa and Super Santa symbols are present on the centre reel only and replace all symbols except locked coins and locked jackpots.
- When a Super Santa symbol lands, additional coins and/or jackpots are added to the reels. If a coin from the Super Santa lands on a pre-existing coin, it will be boosted to a higher value.

RTP Range

- The theoretical RTP (return to player) value for this game is 94.12%.
- The theoretical RTP is calculated as total win/total bet over a large number of games played and reflects the prizes awarded by a game as a percentage of all bets made. The actual RTP can vary widely in either direction for a small number of games due to statistical variance.
- The RTP for the Buy Bonus options are as follows:
- Option 1 (6 Guaranteed Super Free Games) - 94.10%.
- Option 2 (6 Guaranteed Free Games) - 94.13%.

Connection Loss

- In case you lose your network connection, the game will proceed to complete the current round of play automatically after a delay of 2 hours absence from the game.
- If you reconnect into the game earlier, you are able to continue playing the current round.
- This includes all settings such as number of lines and bet.
- If this round contains multiple spins (e.g. free games feature), the game will determine your winnings based on the game's expected win values.

Malfunction voids all pays and plays.

GAME FEATURES

Prizes

- Locked coin and locked jackpot symbols appear on all reels except the centre reel.
- Coins that land on the reels during regular play can have the following values: x0.5, x1.0, x1.5. Coin values are multiples of the base game Total Bet.
- Grand Jackpot value is 1000x base game Total Bet.
- Major Jackpot value is 50x base game Total Bet.
- Minor Jackpot value is 10x base game Total Bet.
- Mini Jackpot value is 5x base game Total Bet.
- In order to win one or more coin and/or jackpot prizes, the Santa symbol must be visible on the centre reel in the same game.
- Jackpots are available on all stakes and can be won more than once per game.
- Coin and jackpot wins are added to other wins.
- Coins from the Super Santa boost pre-existing coins, in x0.05 increments, to a higher value between x0.5 and x2.5 the base game Total Bet.
- Any coin that is boosted to a value over x2.5 the current Total Bet will be upgraded to a jackpot. Jackpots can be boosted until the highest jackpot has been achieved.
- After a Super Santa boost has occurred, only the final coin values and/or jackpots in view pay out.

Magic Spin

- At the start of a spin, a Magic Spin may randomly be triggered which stops the centre reel first with either a Santa symbol or Super Santa symbol in view.

Magic Rewind

- In the base game, the centre reel may rewind a random number of positions to land on either a Santa symbol or a Super Santa symbol.
- In the base game, Free Games and Super Free Games, with a Santa or Super Santa symbol on the centre reel, one or more non-winning symbols may rewind a random number of positions to land on a locked jackpot symbol.
- Both Magic Rewind events may occur in the same game.
- Magic Rewind animations are solely a graphic representation of a predetermined result.

Free Games & Super Free Games

- When the Santa symbol lands he may add a coin to one or both pigs. Pigs can grow in size and randomly pop.
- When the Super Santa symbol lands he is guaranteed to add a coin to both pigs.
- Popping a pig awards 6 Free Games. Both pigs can pop at the same time awarding 12 Free Games.
- Popping a pig with a coin from a Super Santa will award 6 Super Free Games. Both pigs can pop at the same time awarding 12 Super Free Games.
- Pigs can be popped again during Free Games to award additional Free Games.
- Each time a pig triggers Free Games it is reset to its smallest size.
- The Santa symbol remains on the centre reel throughout Free Games, and any locked coin and locked jackpot symbols that land are instantly unlocked and awarded.
- The variation in pig size and coin stack height is for entertainment purposes only and is not an indication of the likelihood of Free Games being awarded.
- Free Games and Super Free Games are played at trigger bet and lines.

Buy Bonus

- The Buy Bonus can be activated during the base game only.
- The Buy Bonus menu consists of two options:
 - Option 1 = 6 Guaranteed Super Free Games.
 - Option 2 = 6 Guaranteed Free Games.
- Once activated, the reels will spin and land on either a Santa to trigger Free Games, or a Super Santa to trigger Super Free Games depending on the option that has been selected. At least one of the pigs will pop to award the selected bonus.
- The Buy Bonus is played at 50x base game Total Bet for option 2 and 100x base game Total Bet for option 1.
- The payable is not affected and pays the same as a game where the Buy Bonus has not been activated.
