

Starlight Jackpots™ Bison Rush™

GAME RULES

- This page contains information on how to play this game.
- Please scroll down to read through all topics.

Getting started

- This game is a game for one player - the gameplay of other players does not affect yours. Each game starts when you place a bet and ends when you leave the application.

Playing

- You choose the total bet per round via the "Total Bet" button.
- The minimum bet per round is \$ 0.10.
- The maximum bet per round is \$ 100.00.
- The "Start" button begins a round of play.
- Each round is independent of previous rounds.
- All game outcomes are independent and randomly determined.
- When you start a round, the bet is deducted from the balance you've paid in.
- At the end of a round, the console displays your win, if any.
- This game has 5 reels in the base game.

All Ways Pays

- There are 576 ways to win.
- All wins start on the leftmost reel and are for combinations of a kind on adjacent symbols, except scatters.

Autoplay

Clicking on "Auto" will bring up the Autoplay-dialogue where you can configure the following options before starting the automatic spins:

- The number of rounds you want Autoplay to be active.
- The loss limit at which Autoplay should stop.
- The win limit at which Autoplay should stop after meeting or exceeding it.
- By clicking "OK", you start the automatic spins with the chosen configuration.
- If "Autoplay" is activated the button label becomes green. Clicking it again stops the automatic spins.
- Autoplay stops automatically when the total bet is higher than your current funds.
- Autoplay stops automatically when a feature is awarded.

Winnings

- Winning combinations and payouts are made according to the payable.
- Symbol payout values shown in the payable are dynamic and change in accordance with the selected bet value.
- All prizes are for combinations left to right on adjacent reels starting with the leftmost reel.
- The leftmost reel is reel 1, the rightmost reel is reel 5.
- All prizes are for combinations of a kind.
- Wins are only paid for combinations on selected ways, unless stated otherwise.
- Only the highest win per way and per scatter combination is paid.
- Scatter wins and way wins are added.

Bonus Symbols

- The Wild symbol substitutes all symbols except Bison Collector symbol, Coin symbols, and Starlight Jackpots symbols.
- Wild symbols only appear on reels 2, 3, 4, & 5.
- Free Games symbols only appear on reels 2, 3, & 4.

RTP Range

- The theoretical RTP (return to player) value for this game is 94.10 %.
- The theoretical RTP is calculated as total win/total bet over a large number of games played and reflects the prizes awarded by a game as a percentage of all bets made. The actual RTP can vary widely in either direction for a small number of games due to statistical variance.

Connection Loss

- In case you lose your network connection, the game will proceed to complete the current round of play automatically after a delay of 2 hours absence from the game.
- If you reconnect into the game earlier, you are able to continue playing the current round.
- This includes all settings such as number of lines and bet.
- If this round contains multiple spins (e.g. free games feature), the game will determine your winnings based on the game's expected win values.

Malfunction voids all pays and plays.
